

# Industrial Oven RFQ Form

Please complete this RFQ form with as much detail as possible. This helps ZonHoo recommend the right industrial oven configuration, heating system, controls, and options. Send the completed form to [service@zhovens.com](mailto:service@zhovens.com) or contact us on WhatsApp: <https://wa.me/17768213630>

## 1. Company & Project Information

**Company Name \***

**Contact Person \***

Job Title

Country / Region

**Email \***

Phone / WhatsApp

Company Address

Project Reference / End User / Internal Project Name

Application / Industry

Target Market / Destination Country

Requested Timeframe for Quote

Estimated Purchase Timeframe

**Pricing Requirement**

Budget

Firm

Preferred Trade Term

EXW

FOB

DDP/DAP

CIF/CFR

Other trade term / notes

Destination Port / Airport / Final Delivery City (if known)

*Fields marked with \* are strongly recommended for fast and accurate quotation.*

## 2. Process & Product Information

**Main Process Type**

Drying	Baking	Curing	Preheating
Heat Treatment	Composite Curing		Burn-in / Aging
Other:	<input style="width: 90%;" type="text"/>		

**Product / Material to be Heated \***

Product Dimensions (L x W x H)

Approx. Weight per Piece / Load

Quantity per Batch / Per Load

Target Throughput / Daily Output

Describe the Process Requirement

**Required Operating Temperature (°C or °F) \***

Maximum Oven Set-Point / Design Temperature

Critical Product Temperature or Time-to-Temperature Requirement

Required Internal Oven Dimensions (W x D x H)

**Preferred Heating Medium**

Electric	Natural Gas	LPG	Diesel
Steam / Hot Oil		Other:	<input style="width: 80%;" type="text"/>

**Preferred Airflow Pattern**

Horizontal	Vertical	Combination
Other:	<input style="width: 90%;" type="text"/>	

### 3. Equipment, Controls & Safety Requirements

**Product Loading / Unloading Method**

Trays                      Racks                      Carts / Trolleys                      Pallets

Forklift                      Other:

**Preferred Door Type**

Single Swing                      Double Swing                      Pass-Through

Guillotine                      Other:

**Floor / Base Requirement**

No Floor                      Insulated Floor                      Plate Floor

Rail / Wheel Guides                      Other:

**Supply Power Available (Voltage / Phase / Frequency) \***

Temperature Uniformity Required?                      Yes                      No                      Tolerance                     

Controlled Cooling Cycle Required?                      Yes                      No

Exhaust / Ventilation Required?                      Yes                      No

**Cooling / exhaust details**

**Any Solvents, Flammable Volatiles, Combustible Dust, or Explosion Concerns? \***                      Yes                      No

**Preferred Controls & Optional Features**

PID Controller                      PLC + HMI                      Ramp / Soak Recipes

Data Logger / Recorder                      Alarm Beacon / Buzzer                      Vacuum / Composite

Viewing Window                      Interior Lights                      Additional Thermocouples

Remote Support / Diagnostics                      Third-Party Inspection

Other:

## 4. Site Conditions, Shipping & Service

Installation Country / Region

Destination Port / Final Delivery City

Preferred Shipping Term

EXW

FOB

CFR

CIF

DAP

DDP

Other:

Who will arrange freight?

ZonHoo

Customer

Installation Support Required?

None

Remote Guidance

On-Site Supervision

Full Installation

Physical Space Limitations / Building Access / Forklift or Crane Constraints

Site Utilities / Standards / Environmental Notes

Additional Requirements, Questions, Drawings, or Notes

### Helpful Attachments

Share product drawings, chamber layout sketches, process data, site utility standards, photos/videos of the product, or any reference oven specification to speed up quotation.

*Thank you for the opportunity — ZonHoo looks forward to supporting your project.*
